RightAngle™ Products Announces Bluetooth™ Now Standard on ALL NewHeights™ Electric Standing Desks

Schofield, WI – RightAngle™ Products recently announced the standardization of their app-compatible Bluetooth™ control boxes, a new feature on all NewHeights™ 2- and 3-column electric standing desks.

This Bluetooth™ technology allows [NewHeights™ Mobile App](#) users to control and manage their NewHeights™ standing workstation directly from their mobile device.

Create custom voice commands that work with intelligent assistants, on Apple and Android devices, for hands-free desk positioning.

“We take great pride in transforming innovative visions into reality,” says Bill Knighton, President of RightAngle™ Products. **“We are excited to be first within our industry to combine Bluetooth™ and mobile app voice technology to provide a convenient, customized, and hands-free user experience to position standing desks.”**

Effective January 9, 2020, app-compatible control boxes with Bluetooth™ technology will come standard on NewHeights™ 2- and 3-column electric height adjustable desks and conference tables, with no current change in product pricing.

The NewHeights™ Mobile App is free to download and use, available on the [App Store](#) (for iOS) and [Google Play](#) (Android).

To upgrade an existing NewHeights™ electric standing desk with the app-compatible control box, contact Customer Service at 800.298.4351 or orders@raproducts.com.
