RightAngle™ Products Introduces NEW Hover Helium Now on GSA Contract

Schofield, WI. — RightAngle™ Products introduces a new height adjustable desk top base, Hover Helium. The Helium provides effortless sit-to-stand functionality with a clean design. An innovative gas/counterbalance mechanism locks into position and provides stability. A VESA mounting plate and column wire management are included. Other features include: height adjustable monitor bracket, lifting capacity of 12 pounds, travel range of 16" and 90° tilt/turn. The Hover Helium has a list price of \$1,095. RightAngle GSA contract number: GS-28F-0035M.

The Helium is built to last and manufactured in the USA with a commitment to quality, long term reliability and environment friendly. It can be quickly and easily moved from one work station to another and transforms any desk into a sit-stand workstation.

"Customers are aware of the health benefits of sit-to-stand workstations, and would like to transform their traditional fixed height desk into a more engaged sit-stand setting. The Helium provides the opportunity to incorporate standing into your workday and provides a more active workplace," says Bill Knighton, President of RightAngle™ Products.

RightAngle™ has developed products for more than twenty-five years utilizing the highest standards of design, engineering and production practices. Included in the product line are; NewHeights™ height adjustable workstations, R-Style™ office furniture, and a complete line of RightAngle™ ergonomic accessories.

RightAngle's™ facility is located at 6703 Zinser Street, Schofield, WI 54476. For more information visit the company website at raproducts.com, contact customer service at 800.298.4351 or info@raproducts.com.
