Presidente Executive and Reception Desk Now Available in L-Shape

Schofield, WI — Because of the popularity of our current Presidente, we were asked to do an L-shaped workstation. The Presidente L workstation includes the main desk and a return which provides additional space to work. The Presidente is part of the RightAngle NewHeights family which is manufactured in the USA, built to last, with a commitment to quality and long-term reliability.

When a visitor walks through your door, the reception desk becomes their focus. There is only one chance to make a good impression. NewHeights' new L-Shape Presidente Sit-Stand Reception Desk provides that memorable first impression.

Presidente Executive

Presidente Reception

The L-Shape Presidente takes a modern executive desk and adds the sit to stand technology. Regardless of the type of business you operate, your employees will enjoy the flexibility of changing their desk from sitting to standing positions throughout the day.

The Presidente features electric height adjustment with a travel range of 29- to 49-inches. The Reception version has an additional transaction counter with a standard modesty panel and optional two-tone laminate. The Executive desk has the same design and look; however, the modesty panel is optional.

The Presidente L-shape has a combined lift capacity of over 400 pounds and features **GyroSense Soft Collision technology and one touch option.**

“After developing the Presidente Reception desk, we started receiving numerous requests for an L-shaped version,” said Bill Knighton, RightAngle President. “Adding this new shape takes the Presidente one step further.”

RightAngle Products utilizes the highest standards of design, engineering, and production practices developing products for over 25 years. These product lines include NewHeights height adjustable workstations, R-Style™ office furniture, and a complete range of RightAngle ergonomic accessories.

RightAngle’s manufacturing facility is located at 6703 Zinser Street, Schofield, Wisconsin 54476. For more information, visit the company website at raproducts.com, contact customer service at 800.298.4351, or email us at info@raproducts.com.
