NEW Presidente Sit to Stand Reception Desk

Schofield, WI — RightAngle™ Products announces a new addition to NewHeights height adjustable family, the Presidente. The Presidente offers clean lines and bold contrasts to deliver a modern look that is sure to impress. All NewHeights tables including the Presidente, are built to last and manufactured in the USA with a commitment to quality and long term reliability.

The Presidente is simple yet sophisticated. Key features include: height adjustment at 1½ inches per second, travel range of 29” – 49”, lifting capacity of 300 pounds, intelligent programmable controls and optional modesty panel. This stylish desk is also available in a two-tone reception desk and is offered in ten thermally fused laminate options.

While the Presidente enjoys contemporary design, it utilizes the latest sit-stand technology and is backed by a 10/5 year warranty. At RightAngle Products™, ensuring the best possible product quality is a priority and a strong corporate value.

“We are always looking for innovative products to bring into the office setting and recognized a need for the Presidente which offers desk height adjustability, functionality and classic warmth. The Presidente incorporates New Heights adjustable sit-stand technology with a design that is touch of class,” says Bill Knighton, President of RightAngle™ Products.

RightAngle™ has developed products for more than twenty-five years utilizing the highest standards of design, engineering and production practices. Included in the product line are; NewHeights™ height adjustable workstations, R-Style™ office furniture, and a complete line of RightAngle™ ergonomic accessories.

RightAngle’s™ facility is located at 6703 Zinser Street, Schofield, WI 54476. For more information visit the company website at raproducts.com, contact customer service at 800.298.4351 or info@raproducts.com.
